Multi-Biometric Time Attendance & Access Control System

MB160

Specification

Storage Capacity

Face Capacity : 1,500
Fingerprint Capacity : 2,000
ID card Capacity : 2,000
Transaction Capacity : 1,00,000

Visual

Display : 2.8-inch TFT Screen

Communication

Communication : TCP/IP, USB-Host
Push Data : Yes

Standard Functions

SMS, DLST, Scheduled-bell, Self-Service Query,
Automatic Status Switch, T9 Input, Photo ID, Camera, Multi-verification

Interface for Access Control

3rd Party Electric Lock, Door Sensor, Exit Button, Alarm

Optional Function

ID , Work Code, RS232 Printer

Power & Environment

Battery : (Optional)
Power Supply : DC 12V --- 1.5A
Verification Speed : ≤ 0.5 Sec
Operating Temperature : 0°C - 45°C
Dimension (in mm) : (L)167.5 x (W)148.8 x (H)32.2

Features

- High verification speed
- Professional firmware and platform make it more flexible
- Intuitive and stunning UI design
- Sophisticated and lightweight design, fits in any environment

Installation

1. Installation environment

a. Recommended location

Install the device indoors at least 10 feet (3m) away from window, and 6.5 feet (2m) from light source. It is not recommended to install on the windows or in outdoor.

b. Not recommended locations

Direct Sunlight
Outdoor

Direct Sunlight
through window

Indirect Sunlight
through window

Too close to
light source

2. Installation step

- Stick the mounting paper and drill holes accordingly.
Note: The distance from the baseline to the ground should be 1.1m for a height range of 1.55m-1.85m. And if the distance is 1.2m, then the height should be more than 1.65m.
- Fix the plate with the screws on the wall through the drilled holes.
- Then fix the device into the plate.
- Lastly, fix the device through screw at the bottom.

Adara

Facial expressions and Gestures

1. Recommended standing positions

The distance between the user and the device should be 0.5m for a height range of 1.55m-1.85m. It can be adjusted

The distance between the user and the device should be same while enrolling and verifying. And also the distance between the device and the ground must be same while enrolling and verifying.

2. Not recommended positions

Non-identical posture

Non-identical height

Non-identical distance

Non-identical distance

Note: Please keep natural posture and expression while enrolling and verifying.

Adara

Facial expressions and Gestures

3. Recommended facial expressions

- Please adjust your eyes into the green box by moving forward or backward while enrolling.

- Please adjust your face in the green box to make it at the center of the screen.

4. Not recommended facial expressions and gestures

Here

System interfaces

1. Enrolling New User

Go to Main Menu → User Mgt → New User

User ID: Enroll user ID; it supports 1-9 digits of numbers.
User Role: Select the user role between Normal User and Super Admin.
Verification Mode: Select required mode from list.
Fingerprint★: Enroll a fingerprint or fingerprints.
Face: Enroll face according to the prompts of screen and voice.
Badge Number★: Enroll a badge by swiping the badge
Password: Enroll the password; it supports 1-9 digits of numbers.

★ NOT ALL THE DEVICES HAS THIS FEATURE.

2. Access Control

Go to Main Menu → Access Control

Access Control Options: Includes Door Lock Delay.

Handwritten signature

System interfaces

3. Comm setting

Go to Main Menu → Comm.

Ethernet: The device can communicate with PC via the Ethernet parameters.
Serial Comm: The device can communicate with PC via the serial port according to the user defined parameters.
PC Connection: Set the password and device ID so that you can connect the device with software in PC.
ADMS: Settings used for connecting with ADMS server.

4. Verification

➤ 1:1 Fingerprint verification mode ★

The device compares current fingerprint with the entered user ID.
Enter User ID and press fingerprint.

★ NOT ALL THE DEVICES HAS THIS FEATURE.

Handwritten signature

System interfaces

➤ 1:1 Face verification mode

➤ Password verification

➤ Badge verification

Swipe your registered badge over the fingerprint sensor in standby mode. The device "prompts" "Duplicated Punch" when you swipe badge twice. The device prompts "Ou-Ou" when the badge is unregistered.

Handwritten signature

System interfaces

5. Attendance Record

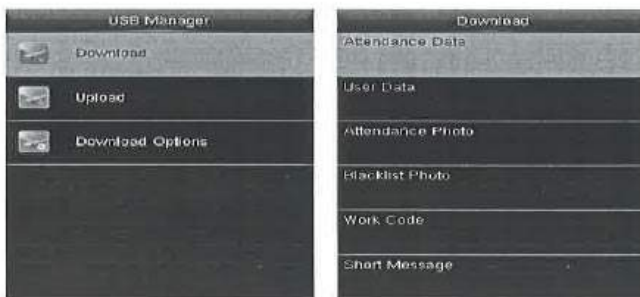

Go to Main Menu → Attendance search → Attendance record

Enter the User ID and then select the time range for which attendance is required.

6. Attendance record on PC

Go to Main Menu → USB manager → Download → Attendance data

- Insert the USB disk correctly.
- Download the attendance data to the disk.

Handwritten signature

System interfaces

- c. Then upload data from the disk to your computer. The downloaded data file is "Device Serial Number.dat". You can open it to view.

7. Backup data

To prevent data loss, you can back up the data to local drive or USB disk at any time.

Go to Main Menu → Data Mgt. → Backup Data → Select the required content

8. Some miscellaneous settings

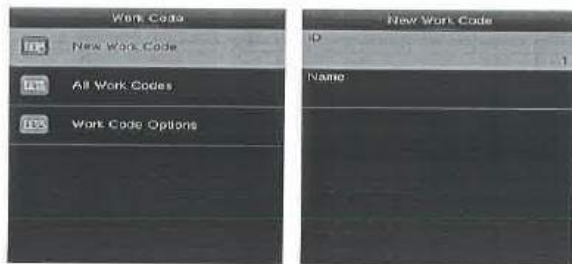

Go to Main Menu → System → Date time

Handwritten signature

System interfaces

Go to Main Menu → System → Work Code → New Work Code

Go to Main Menu → System → Short Message

Handwritten signature

Troubleshooting

9. Troubleshooting

- a. The face is not recognized by the device while verification.

Solution:

- ✓ Check out if the expressions or standing postures and distance is same in enrolling and verifying.
- ✓ Check out if the sunlight is direct to the device or if the device is near to the windows.

- b. User hasn't worn glasses while enrolling and wear glasses while verifying.

Solution:

- ✓ You can enroll face wearing glasses during the first or second catching face as the device supports 3 times to catch the face templates.

- c. The device make a misjudgment while verification.

Solution:

- ✓ There is a certain probability of misjudgment, you can re-enroll the face.

E Governance Policy

Objective:

The objective of this e-governance policy is to provide a transparent and efficient administration system that ensures the smooth functioning of DGMC College. The policy aims to streamline various processes such as admission, examination, evaluation, and other administrative activities to achieve NAAC accreditation.

1. Implementation:

The implementation of e-governance in DGMC College will be a gradual process, and the following steps will be taken:

a) Creation of an IT infrastructure: DGMC College will develop an IT infrastructure that supports the implementation of e-governance. This infrastructure will include hardware, software, and networking devices.

b) Implementation of ERP: DGMC College will implement an ERP system that integrates all the existing systems such as student information system, finance management system, and human resource management system. The ERP system will act as a one-stop solution for all administrative activities.

c) Training: DGMC College will provide training to all stakeholders to ensure the smooth implementation of e-governance. The training will include the use of the ERP system, handling of data, and cybersecurity.

2. Components of e-governance policy:

The e-governance policy for DGMC College will include the following components:

a) Admission process: The admission process will be online, and students can apply through the ERP system. The system will provide information on the courses offered, eligibility criteria, and the application process. The admission process will be transparent, and students will be able to track their application status.

b) Fee payment: The fee payment process will be online, and students will be able to pay their fees through the ERP system. The system will provide information on the fee structure and payment options.

Handwritten signature

c) Reports:

- **Admission Report:** ERP will generate detailed reports on admission-related data, including applicant demographics, program preferences, and admission statuses.
- **Attendance Report:** ERP will simplify attendance management and generates reports on student attendance patterns.
- **ID card Report:** The ERP system will manage the generation and customization of student ID cards, streamline ID card issuance and management processes.

d) Students:

- **Student Information Management:** College ERP will serve as a centralized database for managing student information.
- **Course Registration:** ERP will simplify the course registration process.
- **Academic Progress Tracking:** ERP will enable to monitor academic progress.

e) Roll Number Generation:

The ERP system will generate unique roll numbers for each registered student. These roll numbers can be automatically assigned by the system or manually allocated by college administrators based on predefined rules and configurations.

f) Division Allocation:

Depending on the college's structure and organization, students may be assigned to different divisions or sections based on factors like their academic program, year of study, or other specific criteria. The ERP system will facilitate the division allocation process, either automatically or through manual assignment by administrators.

g) Student Communication Module:

The College ERP system will include a dedicated module for student communication, which will facilitate sending emails or messages to students.

3. Cybersecurity:

DGMC College will ensure the cybersecurity of the ERP system by implementing the following measures:

a) Use of secure servers: The ERP system will use secure servers to store and transmit data.

b) Encryption: All data transmitted through the ERP system will be encrypted to prevent unauthorized access.

Handwritten signature

Deviprasad Goenka
management college of media studies
INDIA'S PREMIER MEDIA SCHOOL

c) Firewall and antivirus: DGMC College will install a firewall and antivirus software to protect against cyber threats.

d) Access control: DGMC College will implement access control measures to ensure that only authorized personnel can access the ERP system.

Review:

The e-governance policy will be reviewed periodically to ensure its effectiveness and to make necessary changes if required. The review will be done by a committee appointed by DGMC College.

Approved By:

E Governance Policy Implementation

Objective:

The objective of implementing the e-governance policy at DGMC College is to provide a transparent and efficient administration system that ensures the smooth functioning of the institution. The policy aims to streamline various processes such as admission, examination, evaluation, and other administrative activities to achieve NAAC accreditation.

Implementation Progress:

IT Infrastructure Development:

DGMC College recognizes the importance of a robust IT infrastructure to support the implementation of e-governance. As part of the implementation process, the college is currently in the process of developing the necessary IT infrastructure. This includes acquiring the required hardware, software, and networking devices to establish a reliable and secure system.

The IT infrastructure will serve as the foundation for the e-governance initiatives at DGMC College. It will support the seamless integration and functioning of the ERP system, ensuring efficient data management, communication, and process automation.

ERP System Implementation:

One of the key steps in implementing the e-governance policy is the adoption and implementation of an Enterprise Resource Planning (ERP) system. DGMC College has recognized the need for a comprehensive ERP system that integrates various existing systems, such as the student information system, finance management system, and human resource management system.

The ERP system will act as a centralized platform, providing a one-stop solution for all administrative activities. It will enable efficient data management, streamline processes, and facilitate seamless communication and collaboration among different departments and stakeholders within the college.

The implementation of the ERP system involves several stages, including system customization, data migration, and Admission.

Handwritten signature

Deviprasad Goenka
management college of media studies
INDIA'S PREMIER MEDIA SCHOOL

Training:

To ensure the successful implementation of the e-governance policy, DGMC College recognizes the importance of training all stakeholders involved. Training sessions are being conducted to familiarize staff and faculty with the functionalities of the ERP system, data handling procedures, and cybersecurity measures.

The training programs aim to equip the college community with the necessary skills and knowledge to effectively utilize the ERP system and adapt to the new administrative processes. This includes training on data entry, report generation, communication features, and other relevant functionalities of the ERP system. Additionally, cybersecurity training is provided to raise awareness about potential threats and ensure the protection of sensitive data.

Components of the e-governance policy:

a) **Admission Process:** The admission process has been digitized and is now conducted online through the ERP system. Students can access information about the courses offered, eligibility criteria, and the application process. The ERP system provides a transparent admission process, allowing students to track their application status and receive timely notifications.

b) **Fee Payment:** DGMC College has successfully implemented an online fee payment system through the ERP system. Students can conveniently pay their fees using the available payment options. The ERP system provides detailed information on the fee structure, ensuring transparency in financial transactions.

c) **Reports:** The ERP system generates various reports that aid in decision-making and administrative processes. The admission report provides detailed information about applicants, their demographics, program preferences, and admission statuses. The attendance report simplifies attendance management and helps identify student attendance patterns. The ID card report manages the generation and customization of student ID cards, streamlining the ID card issuance and management processes.

d) **Student Management:** The ERP system serves as a centralized database for managing student information. It facilitates seamless student information management, course registration, and monitoring of academic progress. Students' data can be easily accessed, updated, and tracked, ensuring efficient student management.

e) **Roll Number Generation:** The ERP system has been successfully implemented to generate unique roll numbers for each registered student. The system can automatically assign roll numbers based on predefined rules and configurations or allow manual allocation by college administrators.

f) **Division Allocation:** DGMC College utilizes the ERP system to allocate students to different divisions or sections based on academic performance, year of study, or other

Handwritten signature

Deviprasad Goenka
management college of media studies
INDIA'S PREMIER MEDIA SCHOOL

specific criteria. The system facilitates the division allocation process, ensuring accurate division assignments for efficient academic management.

g) **Student Communication Module:** The College ERP system includes a dedicated module for student communication. This module allows administrators to send emails or messages to students, enabling effective communication channels between the college and its student body.

Cybersecurity Measures: DGMC College has implemented robust cybersecurity measures to safeguard the ERP system and protect sensitive data. Secure servers are utilized to store and transmit data, and encryption is applied to all data transmitted through the system. A firewall and antivirus software have been installed to prevent and detect cyber threats. Access control measures ensure that only authorized personnel can access the ERP system, ensuring data privacy and security. Review: The e-governance policy at DGMC College will undergo periodic reviews to ensure its effectiveness and make necessary improvements. A committee appointed by the college will conduct these reviews, allowing for continuous refinement of the policy

Biometric Technology to track staff clocking hours and attendance:

The staff at DGMC (both teaching and non-teaching) are required to scan their fingerprints in the biometric system while entering and leaving the office. This system not only keeps track of attendance but also the time of arrival and departure.

ESSL biometric technology is a type of technology that is commonly used for attendance tracking and timekeeping in organizations. ESSL stands for "Enterprise Software Solutions Lab," which is the name of the company that produces this technology.

Using ESSL biometric technology for attendance tracking within an organization provides several benefits, including increased accuracy, security, and efficiency. ESSL biometric systems are more secure and reliable than traditional methods of timekeeping, such as manual clocking in/out or swipe card systems, as they eliminate the possibility of fraud or 'buddy punching' (when one employee clocks in/out for another).

ESSL biometric systems are also highly customizable and can be tailored to meet the specific needs of an organization. For example, ESSL biometric systems can be configured to capture multiple types of biometric data, such as fingerprints, facial recognition, or iris scans, depending on the organization's requirements.

Additionally, ESSL biometric systems provide real-time visibility into employee attendance data, which can help organizations to improve workforce management, scheduling, and planning. This data can be used to analyze employee attendance patterns and identify areas where improvements can be made.

management college of media studies
INDIA'S PREMIER MEDIA SCHOOL

However, it is important to note that implementing an ESSL biometric system within an organization requires careful planning, training, and resources. The system must be properly configured and integrated with the organization's existing technology infrastructure, and employees must be trained on how to use the system. Additionally, there may be legal and privacy considerations to take into account when implementing biometric technology, such as compliance with data protection regulations and obtaining employee consent.

Overall, using ESSL biometric technology for attendance tracking within an organization can be a useful tool to improve accuracy, efficiency, and security in employee timekeeping. However, it is important to carefully consider the specific needs and requirements of an organization before implementing such a system.

Implementation of CCTV surveillance

Planning and Infrastructure Setup:

The implementation of CCTV surveillance begins with careful planning and infrastructure setup. DGMC College has conducted a thorough assessment of the campus to identify critical areas where CCTV cameras need to be installed. These areas may include entrances, corridors, common areas, laboratories, staff rooms etc.

Based on the assessment, the college has developed a comprehensive plan that outlines the number and placement of CCTV cameras required. The plan takes into account factors such as the layout of the campus, potential blind spots, and specific security needs.

Procurement and Installation:

Once the planning phase is complete, DGMC College proceeds with the procurement and installation of the CCTV cameras. The college ensures the selection of high-quality cameras that offer clear video footage and advanced features such as night vision, motion detection, and remote access.

Qualified technicians or security experts are responsible for the proper installation of CCTV cameras. They ensure that the cameras are positioned strategically to maximize coverage and minimize blind spots. Additionally, the installation process includes the setup of recording devices, storage systems, and monitoring stations.

Integration with Centralized Monitoring System:

To streamline the surveillance process, DGMC College integrates the CCTV cameras with a centralized monitoring system. The monitoring system allows designated personnel to view live camera feeds and recorded footage from a centralized location.

Handwritten signature

Deviprasad Goenka
management college of media studies
INDIA'S PREMIER MEDIA SCHOOL

Components CCTV Surveillance:

Real-time Monitoring:

The CCTV surveillance system enables real-time monitoring of the campus.

Incident Investigation:

The recorded footage from CCTV cameras serves as crucial evidence for incident investigation. In the event of an incident or security breach, authorized personnel can review the footage to gather information, identify individuals involved, and understand the sequence of events. This aids in conducting thorough investigations and taking appropriate action.

Preventive Measures:

The presence of CCTV cameras acts as a deterrent to potential wrongdoers. The visibility of cameras across the campus discourages unauthorized activities, vandalism, and other security breaches.

Privacy and Data Protection:

DGMC College acknowledges the importance of privacy and data protection in the implementation of CCTV surveillance. The college ensures that the cameras are installed in public areas and respects the privacy of individuals in private spaces. Clear signage is displayed to inform individuals about the presence of CCTV cameras.

To safeguard data privacy, access to CCTV footage is strictly controlled and limited to authorized personnel. The college implements secure storage and data management protocols to prevent unauthorized access, tampering, or misuse of the recorded footage.

Regular Maintenance and Upgrades:

DGMC College recognizes the importance of regular maintenance and upgrades to ensure the optimal functioning of the CCTV surveillance system.

Dedicated IT Support

The objective of implementing dedicated IT support at DGMC College as part of the e-governance policy is to ensure the smooth functioning of the college's IT infrastructure and systems. The policy aims to provide efficient technical assistance, prompt issue resolution, and proactive maintenance to support the effective implementation and utilization of technology across the college.

Student Admission and Support

The students are required to fill the online forms available on DGMC's website, all the data of students is later reflected on ERP which helps the admin department to connect with the students and continue with the admission process. The ERP system also helps in creating Merit Lists as per the University guidelines and keeps a record of it as well, as soon as the lists are out the students are contacted and guided about all the necessary documents to be submitted to the institute and after that the payment links are shared with them to make the payment process easier.

Undergraduate Courses (Mumbai University) BA MMC / BA FTNMP

1. Admission is based on 12th results
2. Fill the Form on Mumbai University Digital Portal
3. Fill the Application form on our college website
4. Admission is based on Merit List displayed as per the University of Mumbai's Dates
5. Original Document Verification
6. Pay the Fees
7. Submit Original Documents
8. Admission process is complete

**Note the admission is subject to the student's eligibility*

Post Graduate Courses (Mumbai University) MACJ/MAFTNMP

1. Fill the Application form on College website
2. Appear for the Entrance Exam (Online)
3. Students who clear entrance exam will appear for the Interview (Online/offline)
4. Original Document Verification
5. Pay the Fees
6. Fill the form on Mumbai University Website
7. Submit Original Documents
8. Admission process is complete

**Note the admission is subject to the student's eligibility*

About RSET

RSET is a registered public charitable trust was established in 1948 at Malad, Mumbai. It began its foray into education with just three girl students, and today boasts of an all-inclusive campus that sprawls across two acres of land with a well-equipped playground. With an aim to promote various educational, charitable and social activities, the trust has pioneered in providing educational opportunities to various sections of society.

For this purpose, the trust also provides financial assistance to those in need to gain medical assistance with the help of Trivenidevi Deora Chikitsa Sahayata Kosh, as well as, offers freship and scholarship to meritorious students and those who have a financial need to pursue their education. As a result, during the last seven decades and more, the trust has played a vital role in promoting and providing better education from primary to post graduation in the fields of Commerce, Management, Information Technology and Media Studies. Currently, over 16,000 students are being educated in various educational institutions run by the trust.

About DGMC:

DGMC is a premier media and communications institute with a state-of-the-art infrastructure, where students, researchers and media professionals interact to facilitate dynamic career paths. It is supported by its parent body RSET which has been in the field of education for 72 years. DGMC provides courses on Communication and Filmmaking at undergraduate and postgraduate levels. It offers autonomous Post Graduate Programs (PGP) in various verticals of media. These are namely Integrated Marketing, Advertising and Communications; Event Management; Film Making; Sports Marketing and Management; Game Marketing and Management. It also runs a PGDM program in Media and Communication approved by the AICTE.

Vision

- To promote creativity and entrepreneurship through pedagogy in the kaleidoscopic world of media and communications.
- To encourage an interdisciplinary approach to understanding media and communications, locally and globally.
- To stress on the importance of imparting social responsibility and high moral and ethical values among students.

Mission

- To create a pedagogical milestone by nurturing scholastic abilities in the arena of teaching, learning and research.
- To be a beacon for all in the field of media and communications by creating a rich and an intellectually challenging academic environment.
- To train young professionals by inculcating sensitivity, encouraging intersectional approaches to media and management and diversifying entrepreneurial visions with the help of industry experts.

1.4 Bachelor of Arts - Film Television & New Media Production : (BA-FTNMP)

Bachelor of Arts Film, Television and New Media Production is a University of Mumbai recognized course and has been developed specially to cater to the changing needs of global media and entertainment industry.

The program is devised to prepare students in film, television and new media content production. The program deals first with basics of art, graphic design and writing for media and gradually builds up on the basic knowledge to make them ready for the industry.

For the first time, it takes the students through the entire pipe line of production process with regards to the content creation for various media pads, providing the students an insight into the correlation that exists between content creation and media business.

Eligibility: Candidates for being eligible for admission to the three-year integrated course leading to the Degree of BAFTNMP, shall be required to have passed the Higher Secondary School Certificate Examination (Academic or Vocational Stream) conducted by different Divisional Boards of Maharashtra State Board of Secondary and Higher Secondary Education or an Examinations of any another University or Body recognized as equivalent thereof by the Senate of the University of Mumbai.

Intake: 180

Duration: 3 Years Full Time Program

Admission Process :

- I. Students must register online on University of Mumbai website: mum.digitaluniversity.ac, select 'Deviprasad Goenka Management College of Media Studies' for BA-FTNMP programs as the college option for respective courses and follow the instructions displayed on the website. Upon registering, save and print the form.
 - II. The Form and the Prospectus will be available at Rs 100 on the 1st floor, in the Admin Department. The Form & Prospectus fee can also be paid by NEFT.
 - III. Date for submission of form will be as per University guidelines
 - IV. Administration Department has to acknowledge every application received with a stamp and the Signature.
 - V. Those students who have not purchased the Prospectus, but have filled the online application forms on university and college websites, can bring the print copies of these forms and purchase the Prospectus on the spot and submit the admission forms along with other Documents.
 - VI. The names of the shortlisted students will be displayed on the notice board of the college in the respective merit list. Also, an SMS will be sent to all shortlisted students.
 - VII. On being offered admission, students have to pay the fees within the stipulated period as communicated, to secure their admission. For any assistance please visit our admission cell on any working day during office hours.
 - VIII. The college will follow the schedule published by the University of Mumbai in this regard.
- For Documents to be submitted refer Annexure -II & III

LOGIN SCHEDULE ONLINE HELP

I am a New Admission seeker in this University.

ह्या विद्यापीठात मी पहिल्यांदाच प्रवेश घेत आहे.

i Students NOT HAVING 16 Digit PRN have TO click ON "Register" button below. AFTER successful registration, LOG ON WITH registered username AND password

१६ अंकी PRN नसलेल्या विद्यार्थ्यांनी "रजिस्टर" बटनवर क्लिक करावे. यशस्वीरीत्या नोंदणी झाल्यावर यूजरनेम व पासवर्ड दाखून लॉगिन करावे. Use Chat Support for any query by clicking 'Online Help' Link given above OR Call on Helpline Number: 020-66834821 Call Center will be open during 10 am. to 6 pm.

[Forgot Username/ Password ? | Validate Registration](#)

Already Student of this University

मी ह्या विद्यापीठाचा विद्यार्थी असून माझ्याकडे १६ अंकी PRN नंबर आहे.

i Use USERNAME as 164XXXXXXXX OR OAXXXXXXXXX OR your 16 digit PRN provided at the time of FIRST Admission. If the applicant DO NOT remember User Name, use "Forgot Username /Password" link to retrieve the same. पहिल्या प्रवेशाच्या वेळी जो USERNAME मिळालेला असेल तो लॉगिन साठी वापरावा. जसे 164XXXXXXXX OR OAXXXXXXXXX DR 16 अंकी PRN इत्यादी. USERNAME आठवत नसल्यास "Forgot Password" लिंकचा वापर करावा.

I have my 16 digit enrolment number/PRN.

Student have to entered the password on next screen. The password is your 'Date of Birth' and format is 'yyymmdd'

For Eg, Your Birth date is '04th Nov 1979'. You have entered the password as '791104'

Note: If the password does not match and you are not able to login, please contact your college to get the system entered 'Date of Birth' else click on
